

## WARWICK 60 CRUISER/RACER

## DESCRIPTION

Unique Warwick cruiser/racer. I raced to Fiji on "Intrigue" a few years ago and we crossed in front of the fleet 2 days out. She has cruised the Pacific and the East several times. With her leisure furl main electric winches and self tacking headsail she can be sailed 2 up. She has a big master cabin with ensuite plus further double forward with additional berths. Built by Yachting Developments in NZ in composite she is a great buy at this price.
